OUR PURPOSE

OUR PURPOSE

A Taste of Hawaii charity event will help raise funds to support the *Kurt Suzuki Family Foundation (KSFF)*.

Kurt's home island of Maui remains a priority, especially the families of Lahaina affected by the wildfires two years ago.

JANUARY 2026

OUR PURPOSE

Last year, KSFF donated funds and essential equipment to the Boys and Girls Club of Lahaina. This year, KSFF is working with Al PONO baseball program, in Maui, to provide much needed baseball equipment and apparel. In addition, A Taste of Hawaii charity event is proud to honor Maui Firefighters while financially supporting a local family who lost their home in the Lahaina wildfires.

A Taste of Hawaii charity event will also support our SoCal PONO youth baseball program. Our mission is to foster youth baseball participation while developing strong athletes, responsible leaders, and outstanding citizens. Our participating families are committed to the value of PONO. This belief is the foundation of our travel baseball organization. We believe no child should be excluded from high-level competitive baseball due to financial limitations. While some of our families live in communities experiencing real adversity along the “Harbor Gateway Strip,” in South Central Los Angeles, we believe all children deserve equal opportunities for personal and athletic development, regardless of financial hardship.
