A Taste of Hawaii is a tropical themed fundraising gala with a chic ambiance to benefit the Kurt Suzuki Family Foundation. Los Angeles Angels Manager, MLB All-Star, and World Series Champion, Kurt Suzuki and celebrity chef, Isaac Bancaco, will host an evening of fine culinary experiences and live entertainment. A Taste of Hawaii will bring local celebrity chefs and various professional athletes together for an evening of first class entertainment. Six celebrity chefs will host their own gourmet food stations each paired with a Major League Baseball player or professional athlete to serve our guests throughout the evening.

OUR PURPOSE

A Taste of Hawaii charity event will help raise funds to support the Kurt Suzuki Family Foundation (KSFF) and the Angels Baseball Foundation. Kurt's home island of Maui remains a priority, especially the families of Lahaina affected by the wildfires and recent flooding that occurred in March. A Taste of Hawaii charity event will benefit families who have lost their homes in the Lahaina & Altadena wildfires and flooding. It will also help cancer patients impacted by the recent floods.

The Kurt Suzuki Family Foundation has also donated funds and essential equipment to the Boys and Girls Club of Lahaina. In partnership with Pitch in for Baseball & Softball, we have provided much needed baseball and softball equipment and apparel to ALL PONO baseball program, the Maui Boys & Girls Club and Kulanihako'i High School. Our mission is to foster youth baseball participation while developing strong athletes, responsible leaders, and outstanding citizens. Our participating families are committed to the value of PONO.

A Taste of Hawaii charity event will continue supporting our SoCal PONO youth baseball program. This belief is the foundation of our travel baseball organization. We believe no child should be excluded from high-level competitive baseball due to financial limitations. While some of our families live in communities experiencing real adversity along the "Harbor Gateway Strip," in Los Angeles, we believe all children deserve equal opportunities for personal and athletic development, regardless of financial hardship.
